## **MOVED INTO NEW PREMISES**

Living through Learning moved into a new building in Diep River where we are finding our feet and settling in.

## PRINCIPALS AND TEACHERS KICK-OFF

*28 Jan, 11th & 12th February*

We invited the principals and teachers from all our active schools to a kick-off session in our new offices!

**We focused on 3 important things:**

1. Setting Literacy Goals
2. Establish how LTL can assist
3. LTL integration with WCED

*"This session was very informative and even life changing to a certain extent. We leave here wiser, our blinkers are off and we have a panoramic view of what's really going on in the world. This empowers us to take the correct plan of action". Ms. Alvina Hendricks - Levana Primary School*

## BOOKS & STATIONARY DROP-OFF

LTL delivered 6800 books to 8 active and 5 ghost schools. On the left is a picture taken of the facilitators and the RAR coordinator with the Principal from Bontebok in Swellendam.
