

LIVING THROUGH LEARNING

WORLD READ ALOUD DAY - THE MOUSE CAME OUT TO PLAY!

On the 1 February, LTL celebrated World Read Aloud Day at Lotus River Primary. Together with representatives from Coronation Fund Managers, a life size mouse mascot and a beautiful narrated story, the learners had a fun filled morning reading and playing.

KICKING OFF 2023

Term 1 is jam-packed with new challenges and changes. We have 10 new teachers on our LTL programme. Some of them have been with us before many years ago and others are starting out fresh. We delivered 5850 workbooks in total to our learners! We can't wait to see the massive improvement in literacy this year!

We were also able to provide material to one of our ghost schools, Kannemeyer Primary.

TEACHERS TRAINING

Our new teachers will receive training in March based on step by step ways to get their learners literate. We can't wait to spend the day enriching minds and learning from experience.

PILOT PROJECT

This year we are taking on a new pilot project with two grade R classrooms. We know that building a solid foundation for literacy is key and the earlier we start, the better!

LTL BASELINE: 71% AVERAGE

Sonja Botha - Founder & Executive Director

I wish my staff all the best for 2023. I know you will be taking our learners to read fluently. This will be the beginning where learners take to flight into whole new worlds as effortlessly as young birds take to the sky.
