

# LIVING THROUGH LEARNING

## FUN WITH LITERACY - JULY HOLIDAYS

During the July holiday period, LTL hosted its termly holiday programme at 4 different schools including Bontebok Primary, Cypress Primary, St Augustine's Primary and Vorentoe Primary. 70 learners participated! The focus for this programme was on reading and writing while learners had fun working at educational stations based on fine & gross motor skills development.

**The average for the baseline assessment was 56% while the final assessment showed a 32% increase, reaching a high of 88%!**

**LTL's literacy programme shows the effectiveness even during the holiday programmes.**

### Jocelyn Mackenzie - Grade 2B

We practiced how to hold our pencils. I learnt how to write a sentences, with a capital letter and finger spaces. We also learnt that our sentences must end with a full stop.

### Elvina Wylie - LTL Facilitator

**70%** of the learners on the Holiday Programme at Vorentoe Primary were below the reading and writing level for their grade. Luckily, after the in-depth educational practices and training, **100%** of the learners could read and write on their expected level. Their baseline test was **43%** and their final test was **96%**. This was a big win for our group!

**Find out how we get these amazing results!**

## LUCKY LEARNERS RECEIVED BEANIES FROM THE BEANIE CREATOR

Maxie Pool is the incredible, generous lady behind the beanie project. Her passion has kept a lot of learners warm this winter! We thank her for supporting our cause, it's been a massive success and we are grateful for the partnership. 80 beanies were given to learners to keep them warm and another 80 is on its way!

# READING SPACE WERE CREATED AT PERIVALE PRIMARY ON MANDELA DAY

A dull space at Perivale Primary were transformed in an unimaginable bright and colourful space for learners to take a break and read under a beautiful tree. This is an environment that ignites creativity and imagination for our learners. Huge shout out to Murray from Strange Harvest Productions. A big thank you to Shoprite for feeding all 730 learners! We appreciate your commitment to our communities. Thank you to all staff and prefects for helping and to Jikelo Phandulwazi Phando for always covering the good news!

## LADLES OF LOVE SURPRISES OUR LEARNERS WITH TEDDY BEARS

Ladles of Love brought 160 teddy bears to our learners at Cypress Primary! They have been partnering with us on feeding days, providing additional food items for ongoing programmes and now the beautiful and cute teddy bears to bring comfort to our learners. Thank you Ladles of Love for all your hard work, dedication and commitment to our learners.

## LIGHTS, CAMERAS, ACTION...TERM 3 IS ON!

Term 3 is packed with competitions, literacy games and focusing our efforts on ensuring our learners excel in their reading and writing capabilities. LTL together with our educators are determined to produce stellar results whilst having fun with our learners! We are kicking the term off with lots of collaboration, training and hands-on interventions!

### LTL ON TEAM SPIRIT

"A team is like a plant that needs nourishment from time to time. To grow stronger and produce beautiful flowers. We at LTL strive to encourage and build a work culture where we trust and respect each other. We take pride in producing learners that can read and write as that is what we love to do and we achieve that with a great team."

- Sonja Botha (Founder)
